In charge of my money

In charge of my money

Money Management workshop

MoneySmart Award winning program

In charge of my money is an interactive program designed to provide you with knowledge, understanding and skills necessary to make informed and effective money management decisions.

The workshop aims to develop skills and strategies to:

- manage your money
- manage debt and know the questions to ask before signing the contract
- budget and save for what you want
- plan for the future and know where to get help and information

This course will be useful in providing information about good money management for the whole family. Help your family, friends and community develop good money habits for the future.
